Lost in spaceBlast full at ten, Keith still solo with no manager
Time clock out, studios, need to block out
Here's my number call me direct, get no feedback
No interviews, channel four, see me on the newsErase your message walk streets with my cellular phone
Address you wonder, don't try to catch me home alone
Up seven o'clock, while you trying to find me on my block
I'm at the airport, you think I'm strange, boardin' the planeTurn off my pager, then quickly, relax my feet
Hotel Onion drinkin' brew watchin', Sesame Street
You thought you saw me with a wig on, at 7/11
Disguised like Shakespeare with blue chrome behind your earMy George Washington robe, I still travel the
globe
On Pan-Am airlights, I roll in cities after midnight
Stand in your lobby unsuspected, you get neglected
Traffic was hecticMetric bypass computes on overload retrace cause we're
Caution, warning, overload
Lost in space
Caution, warning, overloadMetric bypass computes on overload retrace 'cause we're
Lost in space
Caution, warning, overloadMetric bypass computes on overload retrace 'cause we're
Lost in space
Caution, warningOrder room service, transfer quick to Holiday Inn
Check out time nine o'clock, coat on, I'm on again
You comin' so wack you sound like the Bulworth soundtrack
I'm in the mall steady shoppin' while you tryin' to callIt's on my answering machine, to speak to me as a dream
Pacific Bell know him, the phone is off, and I'm well known

1-800 number, castle code see to summer
 Extreme complicated businessman, can't be reached
 No type of headquarters, deserted land, by the waters
 Target my focus on, internal thinkin' by myself
 You catch the treatments hiatus like Sam on the shelf
 Move out your zip code with U-Haul, watch you fall
 Obtain five boxes callin' Mayflower, every hour
 You scratch your brain askin' neighbors what, now you wonder
 One, two, three, four, five
 Who could that be?
 XenaMetric bypass computes on overload retrace 'cause we're
 Caution, warning, overload
 Lost in spaceMetric bypass computes on overload retrace 'cause we're
 Caution, warning, overload
 Lost in spaceWhile you search lookin' deep in your Rolodex, I flex, I tell the truth
 When I'm serious you think I'm mysterious, drop rap in minutes
 Become your problem like Dennis the Menace
 Hold up your meetings papi, let's [unverified] to the papparazzi
 Unseen heard of your magazine
 Got the nerve of a two year old crayon writing, talkin' to y'all I'm decidin'
 Communication leads one step to aggravation
 I got my ears closed, back to bookin' my own shoes
 Level seven eight nine, second dimension
 Stand byMetric bypass computes on overload retrace 'cause we're
 Caution, warning, overload
 Lost in spaceMetric bypass computes on overload retrace 'cause we're
