

Uncharted Waters

Fisherman'S Death

[Lyndriette:]Silly games
Foolish lies
All that I'm used to
But you arrived
In my life
And before I knew
It was a drastic change of feelings
And it's hard for me to deal with
How good that you treat me
Yeahhh
?Cuz your actions speak louder than your words
Most of all, you show me good love that I deserve
Ooo, this is scary
How fast I'm fallin?
With so many questions in my mind

[All:]Could this be
Is this the
Beginning of the rest of my life?
Boy, I want nothin? more
Than to have ya here by my side
But it feels like
It's too good to be true
When I'm divin? into the deep end of love
Seems I'm headed for
Uncharted waters
Love me in so many ways that I never thought of
I've never been here before
So I'm trustin? you to show me the way
Show me the way

[SeVen:]You submerge in ya arms
I've never felt so much comfort
I'm helplessly in love
Everything that I've been waitin? for
You're all that I need and more, ohhh
It's hard to conceive
That you're always on time
And it's hard to believe

That you know every little thing that I like
 Yeah, I like
And with you it's like a blessin?
 That I just don't know
 Baby tell me

[All:] Could this be
 Is this the
Beginning of the rest of my life?
 Boy, I want nothin' more
Than to have ya here by my side
 But it feels like
 It's too good to be true
When I'm divin' into the deep end of love
 Seems I'm headed for
 Uncharted waters
Love me in so many ways that I never thought of
 I've never been here before
So I'm trustin' you to show me the way
 Show me the way

[Instrumental break]
[All:] Could this be
 Is this the
Beginning of the rest of my life?
 Boy, I want nothin' more
Than to have ya here by my side
 But it feels like
 It's too good to be true
When I'm divin' into the deep end of love
 Seems I'm headed for
 Uncharted waters
Love me in so many ways that I never thought of
 I've never been here before
So I'm trustin' you to show me the way
 Show me the way
 Could this be
 Is this the
Beginning of the rest of my life?
 Boy, I want nothin' more
Than to have ya here by my side
 But it feels like
 It's too good to be true
When I'm divin' into the deep end of love

Seems I?m headed for
Uncharted waters
Love me in so many ways that I never thought of
I?ve never been here before
So I?m trustin? you to show me the way
Show me the way
