

# This Is The Last Time

Keane

This is the last time, that I will say these words  
I remember the first time, the first of many lies  
Sweep it into the corner or hide it under the bed  
Say these things they go away but they never do  
    Something I wasn't sure of  
    But I was in the middle of  
    Something I forget now  
    But I've seen too little of  
The last time you fall on me for anything you like  
Your one last line, you fall on me for anything you like  
    And years make everything alright  
You fall on me, for anything you like and I, no I don't mind  
    This is the last time, that I will show my face  
    One last tender lie and then I'm out of this place  
    So tread it into the carpet or hide it under the stairs

You say that some things never die well I tried and I tried  
    Something I wasn't sure of  
    But I was in the middle of  
    Something I forget now  
    But I've seen too little of  
The last time you fall on me for anything you like  
Your one last line, you fall on me for anything you like  
    And years make everything alright  
You fall on me, for anything you like and I, no I don't mind  
    The last time you fall on me for anything you like  
    Your one last line, you fall on me for anything you like  
    And years make everything alright  
You fall on me, for anything you like and I, no I don't mind
