Motion

Rigger

He won't come down never
He won't come down
He won't come down never
He won't come down
He won't come down
He won't come down
When your heart it beats heavy for a drum
No you won't come down easy let me run
When you long to reach Heaven where the night is young
And all the stars above you are in
Motion now, motion now
You're feeling so alive
Motion now, motion tonight
Motion now, motion now
You're feeling so alive
Motion now, motion tonight
Ooh
In the neon blue city
In the twilight fields
See the ballroom dance floor
On your warehouse heat, anyone can feel it
Motion now, motion now
You feel so alive
Motion now, motion tonight
Motion now, motion now
You feel so alive
Motion now, motion tonight
Ooh
Motion now, motion now
You feel so alive
Motion now, motion tonight
Motion now, motion now
You feel so alive
Motion now, motion tonight
Ooh
