

On & On

Eamon

On and on and on

On and on and on

On and on and on

On and on and on

Every time I finish I could see it in your eyes

I know I put in work and there is no surprise

I got just what you're looking for

Yo I freak it like you like it then you want some more

Let's explore the bedroom floor over and over and over

On and on and on

On and on and on

(On and on and on)

On and on and on

On and on and on

(Over and over and over)

On and on and on

On and on and on

(On and on and on)

On and on and on

On and on and on

Anytime you need me girl you know I'm by your side

And I know that you know that I can make it right

I feel just how you feel tonight

Lemme do what I can do to make the feeling right

Hit the lights and let me ride over and over and over

On and on and on

On and on and on

(On and on and on)

On and on and on

On and on and on

(Over and over and over)

On and on and on

On and on and on

(On and on and on)

On and on and on

On and on and on

(Over and over and over)

On and on and on

On and on and on

(On and on and on)

On and on and on

On and on and on

Every time I finish I could see it in your eyes

I know I put in work and there is no surprise

I got just what you're looking for

Yo I freak it like you like it then you want some more

Let's explore the bedroom floor over and over and over

On and on and on

On and on and on

(On and on and on)

On and on and on

On and on and on

(Over and over and over)

On and on and on

On and on and on

(On and on and on)

On and on and on

On and on and on

(Over and over and over)

On and on and on

On and on and on

(On and on and on)

On and on and on

On and on and on

(Over and over and over)

On and on and on

On and on and on

(On and on and)

On and on and on

(On and on and on)

On and on and on

On and on and on

On and on and on

On and on and on

On and on and on

On and on and on

On and on and on

On and on and on

On and on and on
