

Silver Dreams

The Babys

For the last year
I've been searching
I needed something to believe
I'm a gambler
With my fortune
Trying to keep you up my sleeve When I'm away
I fill my heart with dreams
I lose myself
Keep my silver dreams of you Are you lonely
Are you crying
Are your tears for me
When I come home
And I touch you
What will our eyes see? For the next year
I'll be traveling
Roads that take you far from me
Time can take love
Time can fade love
I hope that you'll remember me When I'm away
I fill my heart with dreams
I lose myself
Keep my silver dreams of you I lose myself
Dreaming silver dreams
I lose myself
Dreaming silver dreams
Silver dreams
Silver dreams
