

# Gimme a Kiss

**Madi Diaz**

## VERSE

It's so late and you could drive me home  
But let's wait to see where this is going  
You want me, we know what that could mean  
So what's it gonna be

I cannot pretend to settle down  
And our wedding vows, not what I think about  
I want you-got room for two  
So what you wanna do?

## PRECHORUS

And I'm not gonna make it  
I'm through trying to fake it  
But your makin me wait  
And I don't wanna wait

## CHORUS

Just gimme a kis  
One little kiss aw. Baby, just gimme a kiss  
(x2)

## VERSE

And I'm know you wanna take it slow  
But baby you should know, I brought my stereo  
So get your lights down low  
And baby we could go?

## PRECHORUS

And I'm not gonna make it  
I'm through trying to fake it  
But your makin me wait  
And I don't wanna wait

## CHORUS CHORUS

Just gimme a kis  
One little kiss aw. Baby, just gimme a kiss  
(x4)
