With my eyes closed
I'll look closer, I'll always remember
Juggernauts screaming to a stop
Sound like devils are laughing
I wanted to see, I wanted to see
I wanted to see this for myself
I wanted to see, I wanted to see
I wanted to see this for myself
These dark pubs we drink in
Somehow light up when I'm with you
I wanted to see, I wanted to see
I wanted to see this for myself
I wanted to see, I wanted to see
I wanted to see this for myself
I wanted to see, I wanted to see
I wanted to see this for myself
I wanted to see, I wanted to see
I wanted to see this for myself
For myself, for myself
For myself, self, self
