

# End Of The World

Ingrid Michaelson

When the sun runs out  
And there's no one to save you  
Will you go to our favorite place  
And try to say goodbye? At the end of, at the end of the world  
Will you find me, will you find me?  
At the end of, at the end of the world  
Will you find me so that we can go  
Together, together, together When the moon breaks up  
And the tide goes out of control  
Will you find me in the water  
And swim me to the stars? At the end of, at the end of the world  
Will you find me, will you find me?  
At the end of, at the end of the world  
Will you find me so that we can go  
Together, together, together  
Together, together, together  
Together, together, together When the sun breaks up  
And there's no one to save you At the end of, at the end of the world  
Will you find me, will you find me?  
At the end of, at the end of the world  
Will you find me, will you find me?  
Will you find me, will you find me?
