

Love Heals

W.E.T.

Theres a voice thats crying from the wasteland
Says I dont know where to go from here
Ive been gone so long here in the wasteland
My days and months turn to yearsNoise inside my head
It scares me half to deathBut love heals, love feels alive
Cause loves here when youre by my side
And love frees, loves real this time
And love sees the man here inside
Love heals
Love healsI have tried so hard to be a sane man
But my demons never disappear
I have hurt you, cursed you but you still stand
Helping me to see my fearNoise inside my head
It scares me half to deathBut love heals, love feels alive
Cause loves here when youre by my side
And love frees, loves real this time
And love sees the man here insideLove healsWhoa oh, oh oh
Whoa oh, oh oh
Whao oh, oh oh ohAnd love heals, love feels alive
Cause loves here when youre by my side
And love frees, loves real this time
And love sees the man here insideWhoa oh, oh oh
Whoa oh, oh oh
Whao oh, oh oh ohCause love heals
Yes love heals
Its true, love heals
