

Last Night

[Ryan Cabrera](#)

Can you feel the rain?
Can you feel the cold surround you?
You and I are the same
Perfect in our own weird way Do you believe that things can change?
Do you believe they stay the same?
'Cause I don't need your light to light my way
I don't need it, I'm wide awake Last night's the last time
I'll shut my eyes
I wanna leave my best side behind when I go
I want you to know, I want you to know Can you feel me breathe?
Can you feel the heart that's beating?
I'm sick and tired of feeling
The candle burn inside of me Do you believe that people change?
Do you believe they stay the same?
'Cause I don't need your light to light my way
I don't need it, I'm wide awake Last night's the last time
I'll shut my eyes
I wanna leave my best side behind when I go
I want you to know that Last night's the last time
I'll run and hide
I wanna believe I lived my life on fire when I go
I want you to know I want you to know
I want you to know
I want you to know Last night's the last time
I'll shut my eyes
I wanna leave my best side behind when I go
I want you to know that Last night's the last time
I'll run and hide
I wanna believe I lived my life on fire when I go
I want you to know
