

# Spaceman

## Journey

Don't be so wise, I was born to fly  
Not without a place in the wind  
Walked off a cliff, then I closed my eyes Ooh, I'm not a spaceman, no, no  
Ooh, I'm not a spaceman Don't need no feathers, I don't need no twine  
I'm all together in my body and my mind  
Not supernatural, just a human combine Ooh, I'm not a spaceman, no, no  
No, no, I'm not a spaceman no, no, no, no  
Not a space man Can't see a castle, I don't need a sleigh  
I brought my wings, no, but not today  
I'm a cosmopolitan, right handed wingless man No no, I'm not a spaceman, no, no  
No, no, I'm not a spaceman no, no, no, no No, no, no, no, I'm not a spaceman, no  
Ooh, I'm not a spaceman, no, no  
No, no, I'm not a spaceman
