

I Bet

Mario Vazquez

Ooh, three times this same week you been askin' to come to my crib
Girl you got a problem and I know what it is
You done got a little taste of incredible
That's got you out of pocketing and you don't know why
And it should come as know surprise
That I got something that blows your mind I think it's the way that I move
The things that I do that's a little different
From the things that you did when you're not here
And that's why you're trippin', I bet you don't I bet he don't give you what you need
I bet he don't give you what you want
Said I bet, said I bet he don't do it like me
That's why you always trying to be alone I bet he don't kiss you right
Don't miss you right
Don't handle his like I handle mine
I bet he can't do it like me, no, no, no, no baby So don't try to fight it, you can't hide it from me, no
What I said, tried to fix, everyday, you a hit
You can't let it go 'cause your love is so
Now you say you're not sprung
And any day you'll be through that's why I got
Five missed calls on my phone and they all come from you I think it's the way that I move
The things that I do and that's a little different
From the things that you did when you're not here
And that's why you're trippin', I bet you can't I bet he don't give you what you need
I bet he don't give you what you want
Said I bet, said I bet he don't do it like me
That's why you always trying to be alone I bet he don't kiss you right
Don't miss you right
Don't handle his like I handle mine
I bet he can't do it like me, no, no, no, no baby Let me say one thing, I know to be true
That he don't understand your body quite like I do
And the feeling that you get is so ridiculous
It's hard to quit, oh, I betcha he I bet he don't give you what you need
I bet he don't give you what you want
Said I bet, said I bet he don't do it like me
That's why you always trying to be alone I bet he don't kiss you right
Don't miss you right
Don't handle his like I handle mine
I bet he can't do it like me, no, no, no, no baby I bet he don't give you what you need
I bet he don't give you what you want

Said I bet, said I bet he don't do it like me
That's why you always trying to be alone I bet he don't kiss you right
Don't miss you right
Don't handle his like I handle mine
I bet he can't do it like me, no, no, no, no baby
