

# Praise Abort

## Lindemann

[Intro]

I like to fuck, but no French letter  
Without a condom, the sex is better  
But every time I get it in  
A baby cries and sometimes twins[Verse 1]  
I have six kids and I don't like it  
They eat too much and treat me like shit  
They only wear Posh label clothes  
I give them one hand, they bite off both  
And all my friends, they have big cars  
Big mansions, too, and smoke the fine cigars  
They have deep pockets, I don't know why  
I look at my purse and start to cry

Why?[Chorus]

I hate my life, and I hate you  
I hate my wife, and her boyfriend, too  
I hate to hate, and I hate that  
I hate my life so very bad  
I hate my kids, never thought  
That I'd praise abort  
Praise abort[Verse 2]  
I like to fuck, but no French letter  
Cause without kids, life is so much better  
So in the end, I got forced  
To stay away from female intercourse[Chorus]

I hate my life, and I hate you  
I hate my wife, and her boyfriend, too  
I hate to hate, and I hate that  
I hate my life so very bad  
I hate my kids, never thought  
That I'd praise abort  
Praise abort[Break]

Say goodbye, say goodbye  
We rise up, up to the sky  
Say goodbye, we'll come back

Soon as pretty butterflies  
Make you cry[Chorus/Outro]

I hate my life, and I hate you  
I hate my wife, and my boyfriend, too

I hate to hate, and I hate that  
I hate myself so very bad  
I hate my offspring, never thought  
That I'd praise abort  
I praise abort
