Turn Around (2 meter sessies)

Green Lizard

Jimmy saw the sun chase away the night
It was a quarter past seven
His body warm like the morninglight
Had to be at school by eleven
He told himself what the have done to him
That's why jimmy never feld real sad
If only some one could have lend a hand
Things would never turn out so badchorus
Who knows why black flies just live for one day
Who knows why?
Hey turn around
It's time to wake up and go back to tell the story
Hey turn around
It's time to wake up and go back to tell the story nowAlways sat alone in the back of the class
Because no one take him
Today he stood infront of the rest
yeah his hands were shaking
Who could have known what jimmy thought
Never had a change to speak his words out loud
The flies were burning in his head
Till jimmy let them all outchorus
Didn't pay to make fun of him
To late to say i'm sorry
No one would ever make fun of them
You and i all the time
Come with me
Take my hand
I will tell you when you're there
Come with me
Take my hand
I will tell you when
Come with me
Take my hand
I will tell you when you're there
Come with me
Take my hand
I will tell you when you're there
Come with me hey turn around
Take my hand it's time to wake up

I will tell you when you're there and go back to tell the story
Come with me hey turn around
Take my hand it's time to wake
I will tell you when you're there and go back to tell the story
(hey turn around
It's time to wake up
And go back to tell the story) 3 times
Hey turn around
It's time to wake up
And go back to tell the story now
