

# Cutoff

## Jawbox

unhealing incisions, path that turns vicious,  
a recurring sequence or an unbroken line,  
it makes no difference to the one that's analyzed,  
it's all fate so be resigned.  
converging to unfortunate ends,  
all plots acknowledged and denied,  
convey awareness of upcoming goodbyes  
what's the difference to the one that's analyzed  
it's all false so be resigned.  
cutoff
