

# Ticket To Nowhere

## Kenny Rogers & The First Edition

The train is comin' at 6: 05  
And I'll be gettin' on it to take a long ride  
Back to an apartment so empty inside  
With loneliness the only thing that's waiting  
I bought my ticket today  
I just paid for one way  
The price was too high for returning  
I have spent all my love  
Getting none in return  
I bought a ticket to nowhere today  
And I still hear her voice  
As it rings in my brain  
Telling me she's in love  
Oh, yes, well, really  
That she's been hurt before  
That's what first love is for  
But now she's found the kind of love  
That she's been needing  
She's standing there so shy  
Feeling nothing inside  
Not seeing the pain my eyes are trying to hide  
For her, it was fun, but it's all said and done  
No love left in the silence of goodbye  
And I still hear her voice  
As it rings in my brain  
Telling me she's in love  
Oh, yes, well, really  
That she's been hurt before  
That's what first love is for  
But now she's found the kind of love  
That she's been needing  
I bought a ticket to nowhere today  
I bought a ticket to nowhere today  
I bought a ticket to nowhere today  
I bought a ticket to nowhere today  
I bought a ticket to nowhere today
