

# In the Light of Things

## Sense Field

I'd like to think, I was a lover  
If I could ever bring us back together  
I'd like to think, I was a father  
If I could get together with my children I'd like to think, I was a friend  
So let us begin  
I'd like to think, I was your friend  
We can start again In the light of things  
In the light of things  
In the light of things  
In the light of things I'd like to think, I was a thinker  
If I could even get my thoughts together  
I, I'd like to think, I was still a child  
If I could get together with my father And I'd like to think that I can see  
Right in front of me  
I'd like to think that I can breathe  
Breathe in everything In the light of things  
In the light of things  
In the light of things  
And, Lord, in the light of things, oh I'd like to think, I was a lover  
If I could ever bring us back together  
If I could ever bring us back together  
If I could ever bring us back together
