

# Where You Reside (Ryan Farish Mix)

## Rare Factice & Ryan Farish

Light workers unite and stand around the world tonight, there's a system down tonight.

Calling into life control, now it's critical cuz we're running out of light.

Now you tell me, there's a different path to find a perfect life.

And now you tell me, it's always been a place where you reside.

Tell me something I don't know.

And I'll die inside of you, when the sun is upon your favorite place.

Tell me everything you know.

Tell it to me so we can hide, where you reside.

Where you reside.

Dream weavers of time send a pulse of light tonight through a network far and wide.

All I know is subliminal, now it's criminal cuz we're falling out of sight.

Can you tell me, there's a perfect path to find a different life?

And can you tell me, it's always been a place to run and hide?

Tell me something I don't know.

And I'll die inside of you, when the sun is upon your favorite place.

Tell me everything you know.

Tell it to me so we can hide, where you reside.

Where you reside.
