

Let's Not Be Alone Tonight

R5

Outside of the party where it's gettin' too loud
It feels like we're the only ones alone in the crowd
Chat college and politics in time that we spend
You look back and you say you think you lost all your friends
And I'm hoping that it's all my fault
Yeah, I'm hoping that it's all my fault
Hey, let's not be alone tonight
Hey, let's not be alone tonight (You don't have to be alone)
No it don't, no it don't mean love
But it might, but it might be love
Hey, let's not be alone tonight (You don't have to be alone)
Not wrong if you come on strong, 'cause life is too short
I like how we get along like snow and New York
All good if you change your mind, you know where I stand
Look back and I say to you I lost all my friends
And I know you know it's all your fault
Yeah, I know you know it's all your fault
Hey, let's not be alone tonight
Hey, let's not be alone tonight (You don't have to be alone)
No it don't, no it don't mean love
But it might, but it might be love
Hey, let's not be alone tonight (You don't have to be alone)
And I know it's gotta be my fault
Yeah, I know it's gotta be my fault
La la la la
La la la la, yeah
La la la la
La la la la, yeah
La la la la
Hey, let's not be alone tonight (You don't have to be alone)
Hey, let's not be alone tonight (You don't have to be alone)
No it don't, no it don't mean love
But it might, but it might be love
Hey, let's not be alone tonight (You don't have to be, hey!)
You don't have to be alone tonight
Hey, You don't have to be alone tonight (You don't have to be alone)
No it don't, no it don't mean love
But it might, but it might be love
Hey, let's not be alone tonight (You don't have to be alone)
