Hi Low

JT Money

If I told you that I
wanna play with you
Do you think I told
the truth about all the
things that I would do?
If I told you that I'm gonna
treat you right, starting
right here tonight.
Would you be mine?
bridge:
I think you are, just the one for me
and I like your car, your the only
one in my heart.
chorus:
I know I know (you've been lookin)
Hi Low Hi Low (somethin' cookin)
I know I know (you lookin kinda high...)
I know I know (you've been lookin)
Hi Low Hi Low (somethin' cookin)
I know I know how's it gonna
go down if ya sticki stick around.
verse 2:
All I wanna do is
show you how I feel
When it's on, it's
all for real
So you don't have to go
(what's the deal what's the deal with me)
Now I'll let you know
when you move too fast.
Let's take our time,
and make it last
all through the night...
bridge:
I think you are, just the one for me
and I like your car, your the only
one in my heart.
chorus:
I know I know (you've been lookin)

Hi Low Hi Low (somethin' cookin)

I know I know (you lookin kinda high...)
I know I know (you've been lookin)
Hi Low Hi Low (somethin' cookin)
I know I know how's it gonna
go down if ya sticki stick around.
Every time I think that I'm the one,
when I turn around and it's gone,
and I'm back on my own. (whoa)
This time around I'll really
think around
(hi low oh hi low hi low)
(yeah yeah yeah)
Somehow I know i'm gonna grow
I'm gonna look hi low
to get your love
When you are gone
I know you are
still in my heart. (my heart)
chorus:
I know I know (you've been lookin)
Hi Low Hi Low (somethin' cookin)
I know I know (you lookin kinda high...)
I know I know (you've been lookin)
Hi Low Hi Low (somethin' cookin)
I know I know how's it gonna
go down if ya sticki stick around.
I know I know
Hi low Hi low
I know I know (your lookin kinda high...)
I know I know (you've been lookin)
Hi Low Hi Low (somethin' cookin)
I know I know how's it gonna
go down if ya sticki stick around
Somehow I know
I wanna grow
I know hi low
to get your love.
