

# J'Â Fait Une Promesse

## Anathema

The way that the willow bows over the stream  
Like a mourner crying for their loved one  
Reminds me of last fall  
When on one knee, I pledged myself to you  
La, vois, le saule s'incline dessus do ruisseau,  
Comme une personne qui se descend, criant pour l'amant.  
Me rapelle d'automne, presse dans ton reverence,  
Je m'ai engagee a vous...[Literal Translation]  
There, look, the willow clings over the river,  
Like a person who bows down, crying for the lover.  
Reminds me of Autumn, [when] you were kneeling,  
I engaged myself to you...
