

# Perfect Love

Trisha Yearwood

Sunday mornin' when the paper comes  
Let's read it front to back and see what's going on  
Drink our coffee by the flower bed and talk about the stuff  
That's running through our heads When you look at me the way you do  
I can't help but look right back at you [Chorus]  
Yeah, this is a perfect love  
We're doin' nothin' but what a perfect love does  
We're not tryn' to make history  
It's just you and me in a perfect love Hey let's drive to the edge of town  
See what there is to see and then turn back around  
Stop by and see your Mom and Dad  
And hear 'em talk about the busy week they had Then let's take a walk beside the lake  
See what kind' a fun we can make [Chorus] (Oh) ain't it a perfect love  
I know you love me just because [Chorus] (Oh, ain't it a perfect love)  
This is a perfect love  
(Oh, ain't it a perfect love)  
Ain't it a perfect love  
(Oh, ain't it a perfect love)  
Hey, we gotta perfect love
