Testify (Original Group Vocal Version)

Parliament

Friends, inquisitive friends
Are asking me what's come over me
There's been a change (there's been a change)
And it's oh so plain to seeLove just walked in on me
And it's taken me by surprise
Happiness surrounds me
You can see it in my eyesNow it was just a little while ago
My life was was incomplete
I was down so doggone low
Had to look up at my feetDon't you know that
I just want to testify
What your love has done for me
I just want to testify
What your love has done for meOnce I was a hollow man
In which a lonely heart did dwell
You know love came creeping upon me
Bringing life to an empty shellNow I heard so many times before
That your love could be so bad
I just want to tell you people
It's the best love I ever hadDon't you know that
I just want to testify
What your love has done for me
I just want to testify
What your love has done for meOoh, ooh luscious
Sure been delicious to me
Ooh, ooh luscious
Sure been delicious to meI just want to testify
What your love has done for me
I just want to testify
What your love has done for me
