

# Hysteria

## Ceremony

How will we survive  
They continue to ask  
No one ever does  
No one ever does  
There's so much grief  
In breaking for breadHysteria...  
All we've ever known  
Hysteria...  
All we've ever knownNo birth without blood  
No confusion without us  
The book of nightmare carries the moan  
Our bodies in a war knot tighteningHysteria...  
All we've ever known  
Hysteria...  
All we've ever known
