Love Will Find You

Atb

I believe it's all inside you
All the answers
Strip it down and see the light come
Through the crowd
I believe it takes a moment
Just to know it
Listen to the windLet go of the fear
Let go of everything
Let go of it's realm
Love will find youThere you go, you're down again
Disbeliever
Hoping for a way to get through
Desire
Everything in life is shown you
It's so easy
Listen to the windLet go of the fear
Let go of everything
Let go of it's realm
Love will find youLet go of the fear
Let go of everything
Let go of it's realm
Love will find youI believe it's all inside you
All the answers
Strip it down and see the light come
Through the crowd
I believe it takes a moment
Just to know it
Listen to the windLet go of the fear
Let go of everything
Let go of it's realm
Love will find youLet go of the fear
Let go of everything
Let go of it's realm
Love will find you
LoveLet go
Let go
Let go
Let go
Let go
