Where Does the Time Go? (Shyboy Remix)

Julia Fordham

(guest vox: John O'Kane)If I could have a pound for every moment I've spent worrying
On all the little things in life that frankly there's no hurrying
Then I would be a rich girl I wanna be a rich girl soon
But going at this rate I think that it might take
Till there's life on the moon...Where does the time go? Does anyone know?
Where does the time go? Does anyone know?
Where does the time go? Does anyone know?If I could have a sneak preview to all the earthly reasons
It takes to make the theme of time then I'd be a girl for all seasons
And I wouldn't have to worry I wouldn't have to worry oh no no no
It just seems kind of funny that there's some things I'll just never
KnowLike where does the time go? Does anyone know?
Where does the time go? Does anyone know?
Where does the time go? Does anyone know?We were only just saying just the other day
How it's really amazing how the days just seem to slip away
And it's right before my very own eyes
Oh there's some things that we'll never, we'll never know, likeWhere does the time go?
Where does the time go? Does anyone know?
Tell me where does the time go?
Tell me where does it go?
There's some things we'll never knowIf I could have a pound for every moment I've spent worrying
On all the little things in life that frankly there's no hurrying
Then I would be a rich girl and I wanna be a rich girl soon
But going at this rate I think that it might take
Till there's life on the moon...Oh where does the time go? Does anyone know?
Oh where does the time go? Does anyone know?
Oh tell me where does the time go?Where does the time go?I've been counting all my days, I've been counting all my nights
Tell me where does it go?
Where, where, where, where, where does it go?
The time go, the time go, the time go
Where, where, where, where does it go?Does anyone know?I've been counting all my days, I've been counting all my nights
Till I can be with you
