Do You Think About Me

Lil' O

Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
You're there with him settlin' for less knowing I'm second best
I toss and turn can't rest
I know you think of the night you slept with your head on my chest
I can't imagine you're happy with him, I confess
To have had the chance to love you, I feel blessed
When I see my princess, how my heart pounds in my chest
I just can't let you go and I gotta know, do you think about me
Yeah yeah
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
And I reminisce of the love we shared baby you know I care
Anything you want, anything you need baby I'll be there
Yes he's dirty mac'd you left but I take you back
Don't know what it is, you just got it like that
You got me open baby, you got me goin' crazy
Just wanna hold on this love I got is so strong
I just can't let you go, and I gotta, I gotta
I gotta know do you think about me
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
Girl I know
(I know yes)
He can't love ya like me
(He can't love ya like me)
I wanna love ya completely

(Completely)
Sweetly
(So sweetly, baby)
I got more love more love than you'll ever need
(Than you'll ever need)
So girl let me show you
Oh Lord listen to me yeah
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
Baby I still love you I do
(Baby I still love you I do)
I love, I love, I love you baby
Baby no matter where you're at
(Baby I still love you I do)
And I gotta know, and I gotta know
Baby do you think about, baby do you think about me
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
Do you think about me when you're layin' next to him
How I used to flex you right, how I used to hold you tight
How you get all sticky with me and you makin' love all night
