Down the Floor (feat. Blackbird)

Ina Colorada

Down the floor - Blackbird feat Ina Colorada

1.
Live is calling, and I call back
But nobody answers and i'm sorry
I leave the room now, i'm still quiet
and there's somebody on the door now

Refrain:
She says I'm here and i show how you lift me to be happy
because I flow through your veins
and if i'm leaving you are going down the floor

2.
She pulls my hand now, we fly away
she shows me every sad People
she's on my mind now
and I believe that I could be very happy

Refrain:
She says I'm here and i show how you lift me to be happy
because I flow through your veins
and if i'm leaving you are going down the floor

And you're going down the floor
down the floor...
and you're going..
you're going....down the floor

Solo (Violine)

Down the floor
And you're going down the floor, down the floor
and you're going, you're going down the floor
