

# Stevie's Wonder

[Melissa Manchester](#)

You've got heaven on Your shoulder  
I've been told You got a special in with him or her  
They say You've got heaven on Your shoulder  
I've been told  
You know how energy begins on earth O my God, how You move me  
And I know for sure  
I'm not the first  
You've got the purpose of direction  
Flowing on through the universe  
Rock Me down with Your power  
Let Me know where You're coming from  
You are the source of a million years  
Giving the power to everyone You've got heaven on Your shoulder  
I've been told You got a special in with him or her  
Connecting with heaven on Your shoulder  
I've been told  
You know how energies begin on earth Spirit - come and enter My night  
Guide Me  
I want to know inner light  
I want to be your pretty mama  
I wonder what it's like making love to a genius O my, my inspiration  
Now I can deliver what I'm put here for  
You are the magic of Creation  
And I want to thank You, I want to thank You more
