Horse Tears

Goldfrapp

Night has fallen Mute and cold My horse is cryingBut you know all this time But you know all this time That you'd never want Keep you stillDare to come But you love me still But you love me Tears too coldLa la laYou are the name And you're the one That you're forever IndistinctBut you know That there's strength And you love a man Who stewed out these tears Tears to come That you love the tears And you love the tears Still too coldLa la la
