Alone

Anneli Drecker

From pale days a prayer is lifted
Where cold winds of winter blow;
Let live all the seeds about to grow
Come summer's wind!
A boat is pulled down to the water
On even the coldest night
A hope that grows higher than morning light
Come summer's wind!
The night closed our doors for shelter
But winter will still remain
Let songs yet be sung where the hoarfrost reigns
Come summer's wind!
