

# Just for Tonight (feat. Jess Larrabee)

## Groove Armada

Thought I told you  
To memorize all the traces  
This only comes once in a life  
I could never be so true  
And be here with you  
I'm gon' give it a try Just for tonight  
Feels good  
Just for tonight Wanna help you  
To leave behind all the faces  
It's just you and me tonight  
We could only be the fruit  
I'll stay here with you  
I'm gon' give it a try Just for tonight  
Just for tonight  
Feels good, hey, yeah  
Just for tonight
