Sleepwalk

Graveyard Club

This shed of mine all overgrown
you have thoughts and to get back home
the world is round the sea is deep
I'm rolling over boredom sleep

Black hallways. Black hallways. Black hallways. Black hallways.

The grain he almost torched to stay
The crows are all inside my head
They talk but never answer me
I'm not quite sure which end to be

I've tried but can't wake up
Now I only sleepwalk
I've tried but I can't wake up
now I only sleepwalk

Watch out she'll Put A Spell On You

The place between these mangled trees
Are buried beyond our childhood dreams
I dug them deep into the Earth to remember how forgetting hurts.

Black hallways
black hallways
black hallways
Black hallways

I try but can't wake up
now I only sleepwalk
I tried but can't wake up
now I only sleepwalk

The world is round
the sea is deep
I'm rolling over boredom sleep
the world is round
the sea is deep
I'm rolling over boredom sleep
The world is round

the sea is deep
World is round
the sea is deep
I'm rolling over broke boredom sleep
The world is round
the Sea is deep
I'm rolling over boredom sleep
The world is round
the Seas deep
I'm rolling over boredom sleep

I try but can't wake up now I only sleepwalk
I tried to can't wake up now I only sleepwalk
I try but I can't wake up now I only
Sleepwalk
Try but can't wake up now I only sleepwalk
I tried but can't wake up now I only sleepwalk
