People

The Peddlers

1) People, people who need people
Are the luckiest people in the world
Were children, needing other children
And yet letting our grown up pride
Hide all the need inside
Acting more like children than children
2) Lovers, are very special people
They`re the luckiest people in the world
With that person
That very special person
Something deep within your soul
Says your half and now your whole
No more hunger and thirst
But first, be a person who needs peoplePeople who need people
Are the luckiest people in the world
