

# Mind of War

## Eskmo

Mind of War  
Its good to see you mind  
Ive been gone a long long time  
We moved to your rhythm rhythm  
Your rhythm rhythm Peculiar Dances  
This slide of emotion  
A tender footstep  
and subtle commotion  
Shedding skin and the rough rough kind  
Mind of War  
Mind of War  
10 days in silence In the desert I lost my mind  
Easing slow but ready  
Your rhythm rhythm  
7 days in the jungle Canopies of Costa Rica  
A tender footstep  
and subtle commotion  
Shedding skin  
and the glorious kind Mind of War  
Mind of War  
Mind of War  
Mind of Love Peculiar Dances  
This slide of emotion  
A tender footstep  
and subtle commotion
