

Way Oh

Joss Stone

'Til we meet again, hold on
'Til we speak again, keep strong
The world don't need to know what's going on
Keep up your head 'til we meet again The kiss you left on my bedside light
The words you whisper make me feel right
The clothes you scattered on the porch that night
Is all so You're my special lover man (Special lover man)
Always undercover man (Undercover man)
See, now this I can't stand (I can't stand it, stand it)
We got a problem, babe
You're my precious other man (Precious other man)
And I know I'll never land (No, I'll never land)
Another like you
(I can't stand it, stand it)
My secret lover man Way oh, way oh
Way oh, way oh
Way oh, way oh
Way oh, way oh
I gotta go to where I won't show
They'll never know, that's the beauty of love
Way oh
Way oh, way oh, way oh
Way oh, way oh, way oh
Oh-oh 'Cause I know
That he's never gonna do me like that
He's my man, my heart, my buffalo soldier
From where I'm standin' there is no turnin' back
A second since I heard his rhythm, it was over
I don't want no double time opinion
Most efficient enough, I'm with him
Stop
Just stop
'Cause you know He's my my special lover man (Special lover man)
He's always undercover man (Undercover man)
See, now this I can't stand (I can't stand it, stand it)
We got a problem, babe
He's my precious other man (Precious other man)
And I know I'll never land (I'll never land)
Another like you

(I can't stand it, stand it)
My secret lover manWay oh, way oh
Way oh, way oh
Way oh, way oh
Way oh, way oh
I gotta go to where I won't show
They'll never know, that's the beauty of love
Way oh
Way oh, way oh, way oh
Way oh, way oh, way oh
Oh-oh-oh-oh, ohI hear the chirpin' of the choir in the back
Made up their minds, they don't wanna get to know you
They get to chattin' up all kind of trash
Not much is happenin' in their lives, they just get older
They only dig me better with a problem
That don't feel good to myself so I give them not'Cause I know
That he's never gonna do me like that
He's my man, my heart, my buffalo soldier
From where I'm standin' there is no turnin' back
A second since I heard his rhythm, it was over
I don't want no double time opinion
Most efficient enough, I'm with him
Stop
Just stop, just stopWay oh, way oh
Way oh, way oh
Way oh, way oh
Way oh, way oh
I gotta go to where I won't show
You'll never know, that's the beauty of love
Way oh, way oh
Way oh, way oh
Way oh, way oh
Way oh, way oh
I gotta go to where I won't show
That's the beauty of loveWay oh
Way oh
Way oh
Way oh
Way oh, way oh, way oh
Way oh, way oh, way oh
Way oh, way oh, way oh
way oh, way oh
