

Tore Down a la Rimbaud

[Van Morrison](#)

 Showed me pictures in the gallery
 Showed me novels on the shelf
 Put my hands across the table
Gave me knowledge of myself Showed me visions, showed me nightmares
 Gave me dreams that never end
 Showed me light out of the tunnel
When there was darkness all around instead Tore down a la Rimbaud
 And I wish my message would come
 Tore down a la Rimbaud, you know it's hard some time
You know it's hard some time Showed me ways and means and motions
 Showed me what it's like to be
 Gave me days of deep devotions
 Showed me things I cannot see Tore down a la Rimbaud
 And I wish my purpose would come
 Tore down a la Rimbaud, you know it's hard some time
You know it's hard some time Showed me different shapes and colors
 Showed me many different roads
 Gave me very clear instructions
When I was in the dark night of the soul Tore down a la Rimbaud
 And I wish my writing would come
 Tore down a la Rimbaud, you know it's hard some time
 You know it's hard some time
