Death and the Life

Jonah33

Feel Your power, feel Your fury
Feel Your glory it's all over me
Your invitations got me prisoned
Got me chained, I don't want to ever leaveYou're my end, yeah
You're my beginning
You're my everything
You will be the death and lifeYou're my end, yeah
You're my beginning
You're my everything
You will be the death and life of meSeems You're jealous, seems You're longing
Seems You're zealous to own all of me
Seems I'm reckless, seems I'm helpless
I'm consumed with the thought of know YouYou're my end
You're my beginningYou're my end, yeah
You're my beginning
You're my everything
You will be the death and lifeYou're my end, yeah
You're my beginning
You're my everything
You will be the death and lifeWhere else could I go?
Don't even think about it
All you have the words of life
Where else could I go
Where You couldn't find me?You will be the death and life
You will be the death and life
You will be the death and lifeYou're my end, yeah
You're my beginning
You're my everything
You will be the death and lifeYou're my end, yeah
You're my beginning
You're my everything
You will be the death and life of me, of me
You will be the death of life of me, ohYou will be the death of life
You will be the death of life
You will be the death of life of me
