

# Untouchable

## Luna Halo

Untouchable like the distant diamond sky,  
Keep reaching out and I still can't tell you why  
I'm caught up in you

Untouchable burning hotter than the sun  
And when you're close I just want to come undone

And in the middle of the night when I'm in this dream  
It's like a million little stars spelling out your name  
You gotta come on come come on  
Say that we'll be together  
Come on come on  
Little taste of heaven

It's half full and I won't wait here all day  
I know you think that I'll be here anyway

And in the middle of the night when I'm in this dream  
It's like a million little stars spelling out your name  
You gotta come on come come on  
I wanna be together  
come on come on

And in the middle of the night when I wake up from this dream  
I wanna feel you in the dark lying next to me  
Come on come on I wanna be together  
Come on come on little piece of heaven

And in the middle of the night when I'm in this dream  
It's like a million little stars spelling out your name  
You gotta, come on come come on  
Don't make me wait forever  
Come on come on

And in the middle of the night when I wake up from this dream  
I wanna feel you in the dark, lying next to me  
You gotta come on come on  
Say that we'll be together  
Come on come on

Little taste of heaven  
Little taste of heaven  
My little taste of heaven
