High Hopes

The Vamps

Well I met you yesterday
You took my breath away
And I kinda like the way
That you're so damn unpredictable
And that was just history
It turned into you and me
It happened so easily
Like I'm living some kind of miracle

The world keeps spinning
It won't stop
It's just beginning

[Chorus:]
Cause I got high hopes
High hopes, high hopes
For me and you
And when we grow old
I'll say I told you so
Cause I got high hopes

I can move in with you
And we could get married too
Go on our honeymoon
Maybe we should finish this coffee first
It might sound a little weird
It's like I've known you for years
So every word you hear
Might just sound a little over-rehearsed

The world keeps spinning
It wont stop
It's just beginning

[Chorus]

The world keeps spinning
It wont stop
It's just beginning

[Chorus x2]
