

"The Ancient": Giants Under the Sun

Yes

As one with the knowledge and magic of the source
Attuned to the majesty of music
They marched as one with the EarthSol, Dhoop
Sun
IliosNaytheet
Ah Kin
SauleTonatiuh
Qurax
Gunes, GrianSurie
Ir
SamseSo the flowering creativity of life
Wove its web face to face with the shallow
And their Gods sought out and conquered
Ah KinDo the leaves of green stay greener through the autumn
Does the color of the sun turn crimson white
Does a shadow come between us in the winter
Is the movement really lightAnd I heard a million voices singing
Acting to the story that they had heard about
Does one child know the secret and can say it
Or does it all come out along without you
Along without you, along without youWhere does reason stop and killing just take over
Does a lamb cry out before we shoot it dead
Are there many more in comfort understanding
Is the movement in the headAnd I heard a million voices singing
Acting to the story that they had heard about
Does one child know the secret and can say it
Or does it all come out along without you
Along without you, along without you
