

# Wild Pack of Family Dogs

## Modest Mouse

A wild pack of family dogs came runnin' through the yard one day  
My father got his gun, shot it up, they ran away OK  
A wild pack of family dogs came runnin' through the yard  
And as my own dog ran away with them, I didn't say much of anything at all  
A wild pack of family dogs came runnin' through the yard  
As my little sister played, the dogs took her away  
And I guess she was eaten up OK, yeah she was eaten up OK  
My mother cryin' blood dust now My dad he quit his job today, well I guess he was fired but that? OK  
And I sittin' outside my mud lake, waiting for the pack to take me away  
And right after I die the dogs start floating up towards the glowing sky  
Now they?l receive their rewards, now they will receive their rewards
