Trapped into Life

Yyrkoon

Trapped Into LifeEnclosed in space
Enclosed in time
Numbers and words are nothing
But human's sinsTry to breathe water
Try to cross fire
There's nobody that you can rape
Nobody that you can disgraceLike tree's roots
Your hands are opening to find in the darkness
Life's meaningsWait and wait again
The light of reason
Realize that you're trapped
Trapped into lifeThrough the invisible walls
You're following the critical mass
Delighting into this
Common meaningless
Your frozen mind
Suffers silently
Not to wake
To this hurtful truthRealize that you're trapped
Trapped into lifeStop trying
To control things on earth
For once forget about your imprudence
