Meat Beat Manifesto

See the, the pot call the kettle black
And the man upon the monkey's back
Craziest thing that I ever heard

Testing cosmetics upon their furWho knows what tomorrow brings in a world where the
Greedy survive and survival of the fittest is your alibi?It's a habit to grab it, to grab right here

'Cause you might want my private for souvenir

And you call me a savage, uncivilized

When it's you who made lynching a way of lifeAnd you don't want me to be mad

Well, I say to you too bad

I'm a product of my environmentSo who the hell we callin' wildlife

Look at us

They only kill when they have to

We kill for sportWhy do the man treat the people bad

And just expect them not to be mad

Social security sure you right

Number the ones with the broken livesWho knows what tomorrow brings in a world where the
Greedy survive and survival of the fittest is your alibi?It's a habit to grab it, to grab right here

'Cause you might want my private for souvenir

And you call me a savage, uncivilized

When it's you who made lynching a way of lifeAnd you don't want me to be mad

Well, I say to you too bad

I'm a product of my environmentSo who the hell we callin' wildlife

Look at us

They only kill when they have to

We kill for sportWho the hell we callin' wildlife

Look at us

They only kill when they have to

We kill for sportWho the hell we callin' wildlifeAnd you don't want me to be mad

Well, I say to you too bad

I'm a product of my environmentSo who the hell we callin' wildlife

Look at us

They only kill when they have to

We kill for sportWho the hell we callin' wildlife

Look at us

They only kill when they have to

We kill for sportWho the hell we callin' wildlife

Look at us

They only kill when they have to

We kill for sportSee the, the pot call the kettle black

And the man upon the monkey's backSee the, the pot call the kettle black
And the man upon the monkey's backSee the, the pot call the kettle black

And the man upon the monkey's back
