

# Tell Me

Nicolai Dunger

Tell me, baby is it yes or no?  
You've got a face that just don't show what's going on inside  
    Tell me, I swear I'll take it on the chin  
    Don't sugarcoat where I fit in, what's going on?  
    Inside you there's a room, a room with a door  
    I finally come knocking and I've been here before  
    Oh, I've got this love for you but what is it for?  
        If you can hear me then tell me  
        Last chance, hold me in your arms and say  
        If you want this love to walk away  
        Tell me and I'll say goodbye  
    Inside you there's a room, a room with a door  
    I finally come knocking and I've been here before  
    Oh, I've got this love for you but what is it for?  
        If you can hear me  
        I'll make it easy, I'm counting to three  
    Am I something you want or someone you need, baby?  
    Tell me that you want me, tell me that you love me  
        Tell me, darling won't you tell me?  
        I'm begging you to tell me  
        Tell me and I'll say goodbye
