Let Me

Sergio Mendes

Let me, let me sit with you beside a street
Let me, let me laugh with you and share your dream
I'll be your true friend until the end, you can depend on me
So let me, let me, say you let meLet me, let me cheer you when your dreams go past
Let me, let me hold you when your world seems lost
Let me, cause by now you know I love you so
(You know I love ya)Let
(Let)
Me
(Me)
Let me never ever let you goLet me, let me love you, girl
Let me, let me, your world
Cause I never felt love like this here
Let me take you for a walk, walk in the park
Let me hold your hand, let me see your sparkI desire tire, I don't wanna pass you
The fact I hold your hand, can I hold your heart?
Let me, just say you let me
Let me, just say you let meNobody loves me quite like you love me, girl
My body's next to your body, let me love you, girl
Cause I never felt love like this here
Let me take you to the beach, eat a peach
Let me take you out every day of the weekIf I know something you don't know, baby, let me teach you
Let me, just say you let me
Cause by now you know I love you so
(You know I love ya)
So let me, let me never ever let you goLet me, let me, say you let me
Let me
(La, la, la, la, uuh)
Cause by know you know I love you
Let me, let me never ever let you goLet me never ever let you go
Let me never ever let you go
Let me never ever let you go
Let me never ever let you go
Let me never ever let you go
Let me never ever let you go
