This timeCome on inside
(Inside)
Come on inside
(Inside)
Come on inside
(Inside)Come on inside
(Inside)
And I know that sometimes
Just I care too much but I can not deny
On the way all the time that I feel
When you've gone but I know that I'm fineEven the breath and thinking of you
What's keeps me alive
Even the breath and thinking of you
What's keeps me aliveI know it's gonna be alright this
I know it's gonna be alright this
Come on inside
(Inside)And I know that sometimes

Just I care too much but I can not deny
On the way all the time that I feel
When you've gone but I know that I'm fine Even the breath and thinking of you
What's keeps me alive
Even the breath and thinking of you
What's keeps me alive And I know that sometimes just
I care too much but I can not deny
On the way all the time that I feel
When you've gone but I know that I'm fine Even the breath and thinking of you
What's keeps me alive
Even the breath and thinking of you
What's keeps me alive Alright it's gonna be this time
Alright
(Alright)
This time
Be, be
(Alright)
It's gonna be this time Be, be
(Alright, alright)
This time
Be, be
(Alright)
It's gonna be Be, be
(Alright, alright)
This time
