

# Watch Out (Original Mix) (feat. Shyana)

[Alex Gaudino](#)

Expectations and possibilities  
Don't need no crystal ball across the probability  
I plan to take you home, do what you do to me  
Come be my roller-coaster got you where we supposed to be[Chorus]  
Watch out  
I'm digging  
Why don't give it a try  
Deep down  
Can you feel it  
You know I've been right  
Better hold tight  
We gone turn it round  
And around  
And around  
And around  
And aroundExpectations of what you giving me  
You've got me head to toe, your wet arm hold your arm on me  
Why don't you satisfy my curiosity,  
Come be my romeo, you've got me where I wanna be yea[Chorus]
