

Gentle Predator

Katastro

A beast in what I believe in, and that is the only reason
That we go be living longer, and youâ€™re never getting stronger
So de-clan a population, cuz ours just is only raising
We have no limitations, it's amazing

I'm like a panther weâ€™re looking after you, and Iâ€™m faster doing you backwards
Cuz we are moving the masses, a gentle predator
If you wait right here, then weâ€™ll set you free
No more waiting on the future, cuz weâ€™ve been waiting to leave

So stick to your love, and follow your dreams
Are you gonna move away
Stick to your love, and follow your dreams
Are you gonna move away

Because Iâ€™m awaiting your touch, it beings me back up
Youâ€™re beautiful in every way
So stick to your touch, and bring me back up
Or are you gonna move away

Are you gonna move away, you gonna move away-ay-ay
You gonna move away, wayâ€™ wayâ€™

Stick to your love, and follow your dreams
Are you gonna move away (oooohhhh-oooh-ooooh)
Stick to your love, and follow your dreams
Are you gonna move away (oooohhhh-oooh-ooooh)

Because Iâ€™m awaiting your touch, it beings me back up
Youâ€™re beautiful in every way (oooohhhh-oooh-ooooh)
So stick to your touch, and bring me back up
Are you gonna move away (oooohhhh-oooh-ooooh)

So feast in what I believe in, and that is the only reason
That youâ€™re living for tomorrow, and youâ€™re soaking away your sorrow
So you acting like a patient, while we acting like we made it

No cure is ever gonna save us, a gentle predator

Defeat couldn't ever phase us, cuz we are here for ages
The life we lead is contagious, it's amazing
So if you wait right here, then we'll set you free
No more waiting on the future, cuz we've been waiting to leave

Stick to your love, and follow your dreams
Are you gonna move away (oooohhhh-oooh-ooooh)
Stick to your love, and follow your dreams
Are you gonna move away (oooohhhh-oooh-ooooh)

Because I'm awaiting your touch, it brings me back up
You're beautiful in every way (oooohhhh-oooh-ooooh)
So stick to your touch, and bring me back up
Are you gonna move away
